

**PURCHASING OF PERMANENT LICENSES FOR DLTCAD SOFTWARE**  
**BY ACADEMIC INSTITUTIONS.**

**Universities and colleges that teach electrical power engineering and technical courses related to overhead, electrical power transmission line design can purchase DLTCAD 2014 software in bulk at a special discount.**

**Contact us at: 206-683-0929, [secvritel@centurylink.net](mailto:secvritel@centurylink.net)**

**Software installers are delivered on line and the software works through the internet. These licenses have no expiration date. Tech support is provided during the license period.**

**NOTE 1: Prior to purchasing DLTCAD 2014, academic institutions can explore the software capabilities and features, by downloading a permanent Demo from the [Download](#) Section of our web site. Demos do not have expiration date. However, they do not allow savings or printing of transmission line designs. Sorry.**

**NOTE 2. DLTCAD can be installed in various computers; however, it can only be used in one computer at a time.**

**NOTE 3: DLTCAD FULL is oriented to the design of Transmission Lines within the range from 50 kV to 500 kV. DLTCAD LIGHT is oriented to the design of Distribution Transmission Lines within the range from 7 kV to 45 kV. To see differences between both DLTCAD versions Full and Light, click [here](#).**
